

## **BREAKING NEWS!!!!**

We here at Carter Animal Hospital realize the hard times the economy has put everyone in. That's why we are offering several Wellness Plans that allows your pet to receive their annual preventative care while allowing you to make low, affordable monthly payments. We have a plan for everyone with payments starting at only \$19.95 per month! Wellness Plans are designed to provide preventive care and early diagnosing, reducing the risk that your pet gets a costly disease. Each plan is an excellent value and provides a budgeting tool that not only saves you money but allows you to spread the payments over a twelve month period. When you become a member, you're helping to ensure the longevity of the Pet you love while saving about 50% on the overall cost of the veterinary care. Take a look at the "Annual Savings" and you will see that any of these plans will more than pay for itself! Normally, everything we put into this preventive care program would cost a lot. All the money you save is our gift to you and your Pet in exchange for the trust you show in us!

Enrolling your Pet in a Carter Animal Hospital Wellness Plan is easy. First, ask any Carter Animal Hospital employee to explain our different programs to you in detail. As soon as you decide which plan best meets the needs of your Pet and budget, simply endorse the agreement form. Then all you need to do is pay the membership fee and first monthly installment which covers preliminary medical and administrative functions that build the foundation of your Pet's Wellness Plan. After that, you'll never again face a large bill for your Pet's normal, routine care- just a low monthly installment. It's a small price to pay for the health and well-being of your family's best friend.

Some additional benefits include unlimited FREE office calls! This way, if you ever have any questions just make an appointment and bring your loved one in! Included in some adult wellness plans is the annual blood work as well as routine dentistry. Most other services that you get from us are discounted. Amounts vary depending on the type of plan that you select.

Your Pet's routine ovariohysterectomy or castration surgery is completely covered as part of the Puppy or Kitten Better Plan. There may be an additional charge for obese, cyrptorchid, in heat, or pregnant Pets.

Also, when you buy a 6 month supply of any heartworm and flea prevention, we will give you \$5 off. To make it even more convenient for you, we can even mail you the next 6 months and just add the cost of the 6 month supply on to the monthly payment! This way you won't forget about your Pet's much needed parasite control!
